How many panels can I wire in series for 48V system

I'm a bit confused about how many panels I can wire in series. I'm assuming that I can wire four 12V panels in series (to get 48V), but I wonder what happens if I exceed 48V.

[How to Choose a Solar Panel 5000W System: Ultimate Buying Guide](#)

Learn what to look for in a solar panel 5000w system, including types, key specs, pricing, and top considerations for home or off-grid use.
