

620 photovoltaic panel secondary agent

Overview

20 is a monocrystalline N-Type i-TOPCon bifacial dual glass module, suitable for many types of installation. The SP635M-78H module combines the S-TOPCo 2.0 technology with 182mm half-cut cells to ensure impressive efficiency levels (up to 22.72%) ranging from 605W to 635W, and maximize the energy yield. The bifacial design of the SP635M-78H module enables the absorption of light from both the front and . Solar Electric Supply is an REC Authorized Platinum Distributor The REC Alpha Pro M Series 620W solar panel showcases advanced solar technology for commercial and industrial applications. Utilizing REC's innovative heterojunction cell technology (HJT), this high-performance panel delivers an .
