

AVIC Lithium Battery Energy Storage System

Overview

The battery pack adopts the first MIR-platform PACK technology, endowing the battery with an ultra-long battery life of 800Km+, a super fast charging capability of 20 minutes (5%-80%, 500KM+), and the car can drive 30W kilometers without attenuation; modular safety cabin . The battery pack adopts the first MIR-platform PACK technology, endowing the battery with an ultra-long battery life of 800Km+, a super fast charging capability of 20 minutes (5%-80%, 500KM+), and the car can drive 30W kilometers without attenuation; modular safety cabin . How about AVIC Lithium Energy Storage Battery 1. AVIC Lithium Energy Storage Battery is recognized for its advanced technology and efficiency in large-scale energy storage solutions, 2. The company integrates innovation into production processes, 3. Its applications span multiple industries . AVIC Lithium Technology Co. It is a tens of billions key project introduced by Xiamen, a key project in Fujian Province and a national high-tech enterprise. Safety is the bottom line and cornerstone of the new energy vehicle . At the CIBF battery exhibition in 2021, the high-energy-density ternary battery system developed by AVIC Lithium Battery will not be fire-proof technology and products for the first time.
