

# **Athens BMS battery management power system brand**

## Overview

---

Our specialist Test Solutions team offers a wide range of battery test equipment and battery management systems (BMS) for electric vehicles (EV) from leading manufacturers such as Chroma, Hioki, Keithley, and Tektronix, among many more. A battery management system is an electronic system that can manage one or more rechargeable batteries in a range of application scenarios, including monitoring, calculating, and reporting secondary data, controlling the ecosystem, and authenticating and balancing the entire system. Key manufacturing regions globally concentrate significant expertise and production capacity. China stands out . Here in this article, we will discuss the world's top 10 BMS manufacturing companies, or the top companies working on the battery management systems.
