Battery bms nickel sheet

2S 7.4V - 5A BMS (Battery Protection Board) With Nickel Strip

Ensure the longevity and safety of your 2-series Li-Ion battery packs with this reliable BMS protection board, providing comprehensive protection and efficient battery management.

[Lifepo4 Battery Pack Bms Pcm Protect Board Contact Tab 20000pcs](#)

Durable and Reliable: With an ultimate strength of stable MPA and 35% elongation, this nickel strip is suitable for various applications, including battery protection boards and BMS.

Battery Pack Design

If you've got some copper sheet, you could probably cut it up into chosen shape and solder it onto the nickel. I kept the lid to my old hot water header tank for this reason after I replumbed.

We specializes in producing and develop precision hardware, such as various types of battery pack connector (pure nickel, nickel-plated steel, copper nickelbusbar etc.), which are widely used in

BMS 18650 Li-ion Battery Nickel

Sheet Plate Nickel

Specifications: - Accessory Type: Charger
Accessories - Brand Name: occkic - Certification:
None - Model Number: Battery Nickel Sheet Plate
- Origin: Mainland China

BMS Connection Tabs

Our tabs are designed to slot directly into your BMS PCB through-holes or solder pads. This eliminates the need for intermediate wires, reducing resistance and failure points.
