Bms battery upgrade

Replacing a BMS in my LiFePO4 battery? : r/OffGrid

They're just cells inside. Cut the rest off, add a new BMS like an Overkill or a JK, and you're done. I'm never doing Lead Acid for storage ever again.

Replacement BMS

If the voltage difference between individual cells is large, it means the battery pack is damaged and cannot be repaired. If the voltage difference is small, replacing the main board will work.

How to Connect a New BMS to an E-bike Battery Pack
