## Bulgaria power station energy storage site energy project

---

### 'Largest BESS in EU' inaugurated in Bulgaria

A c.500MWh BESS project in Bulgaria has been inaugurated, claimed as the largest in the European Union (EU).

### Bulgaria launches EU's largest battery storage system

Described by the Ministry of Energy as the largest operational battery storage facility in the European Union by total energy capacity, the installation underscores Bulgaria's growing role in

### [BYD Energy Storage Bulgaria Project Formally Enters Operation](#)

On January 8, 2026, the 500 MWh standalone battery energy storage system (BESS) project located at Maritsa East 3 power plant in Bulgaria was officially put into operation.

### [ContourGlobal Commissioned the Maritsa Battery Energy Storage](#)

Bulgaria has made significant progress in modernising its energy sector by officially commissioning one of the largest standalone battery energy storage systems (BESS) in Eastern

## **ContourGlobal commissions 500MWh battery storage**

ContourGlobal has commissioned a battery energy storage system (BESS) in Bulgaria with a total capacity of 500 megawatt-hours (MWh).

### [Bulgaria launches 202 MW battery storage facility at TPP Maritsa East 3](#)

Bulgaria has expanded its electricity system with the commissioning of a large-scale battery energy storage facility at the Maritsa East energy complex, one of the most significant

## **ContourGlobal**

The 202 MW stand-alone BESS plant developed by ContourGlobal, one of the largest battery energy storage projects in Bulgaria and Eastern Europe with a total storage capacity of 500

### [ContourGlobal Inaugurates 500 MWh BESS Project in Bulgaria, one](#)

The 202 MW stand-alone BESS plant developed by ContourGlobal, one of the largest battery energy storage projects in Bulgaria and Eastern Europe with a total storage capacity of 500

### [Bulgarian tender awards more than 4 GWh of energy storage capacity](#)

Bulgaria's Ministry of Energy will pump a total of BGN 228.9 million (\$137.2 million) into 31 energy storage facilities following the conclusion of the country's National Renewable Energy

## [Bulgaria commissions 500 MWh BESS at thermal power plant site](#)

Bulgaria is continuing its big battery rollout with the government announcing the commissioning yesterday (8 January) of one of Eastern Europe's biggest battery energy storage
