

Canberra solar container battery Wholesale Manufacturer

Solar system
Equip your home solar with
battery storage system

Overview

We carry most of the quality brands in the market, from panels to inverters and battery storage. We supply installation to Australian residential and commercial customers, that are specifically tailored to their individual needs at the best 'true cost' of power over 25 years. We have a range of solar batteries available at Solar Power Canberra, so whether you're looking for a small battery to store energy for a few hours or a large battery to store . For over 11 years, Direct Solar Wholesaler has proudly delivered reliable renewable energy solutions to homes and businesses across Australia. As we enter a new chapter, we are excited to introduce our refreshed brand and new name: DSW Energy. So, when you choose us, there'll be no hidden costs, no confusing quotes - just clear and honest pricing so you know . Without solar battery storage, you're essentially "renting" the grid as a very expensive battery. As feed-in tariffs continue to drop across the ACT, the gap between what you earn and what you pay is widening-leaving your hard-earned savings stuck on the roof instead of in your pocket.
