

# Dublin Mobile Station Communication Network Base Station

## Overview

---

The interactive map shows the location of every mobile telephone mast in Ireland. Siteviewer is an interactive map of Ireland containing the following information; the types of mobile services provided at each mast. Setting a DAS to any other type will restore the main tower and delete the individual DAS elements. The map is maintained by the Commission for Communications Regulation (ComReg) using information . Explore network coverage by operator and country, and more! What is OpenCelliD?

OpenCelliD is working towards creating an open cellular dataset that is driven and inspired by the community. These range in height from 10m-30m and are

## Dublin Mobile Station Communication Network Base Station

---

### Commission for Communications Regulation
