

# High Temperature Type Lead-Acid Battery Cabinet for North American Oilfields

## Overview

---

We carry a full line of factory-assembled cabinets designed for data center UPS backup systems with pure lead agm batteries. Exponential Power's Battery Cabinets & Enclosures provide durable, secure solutions for telecommunications and industrial applications. Whether protecting lithium ion batteries in electric vehicles, housing industrial lead acid battery banks for backup power systems . Safely survive malfunctions in oil and gas plants with operationally proven lead-acid and nickel-cadmium batteries The oil and gas industry has long relied on proven batteries that can put the plant into a safe state in the event of an incident. Shipping calculated at checkout. All our products can be shipped anywhere in the Continental United States.

## High Temperature Type Lead-Acid Battery Cabinet for North America

---

### Turnkey Solutions

In colder or hotter environments, American Products can outfit this cabinet with a fan-cooled air exchange system or HVAC system to keep the interior temperatures within ideal operating

### Battery Cabinet, Battery Storage Cabinet, Battery Bank Rack

EverExceed VRLA battery cabinets are very durable, and easy to install. Engineered for use with most type of battery terminal models, these cabinets can fit a wide variety of applications.

### C & D Technologies , Battery Accessories

Find the right battery storage racks, cabinets, enclosures, and chargers for your backup and standby batteries. C&D now offers an integrated battery cabinet solution. We carry a full line of factory

### Eaton 93PM Battery Cabinet

Delivers 300A at 480VDC, ideal for enterprise-grade UPS support in high-load environments Built-in circuit protection and TAA compliance meet regulatory and safety standards for public sector and

[Custom Battery Enclosures , Lithium Battery Enclosures , EV Battery](#)

These battery cabinets protect lithium solar

### [New UL Standard Published: UL 1487, Battery Containment Enclosures](#)

Battery containment enclosures certified by UL Solutions to UL 1487 can be found in the online certification directory, UL Product iQ(R). Product iQ is available to use at no cost but requires a one

batteries or lead acid solar battery banks, integrate with solar charge controllers and inverters, accommodate battery management system components, and

### **VRLA battery cabinets**

VRLA (Valve Regulated Lead Acid) batteries are lead batteries with a sealed safety valve container for releasing excess gas in the event of internal overpressure. Their development was aimed at limiting

### **Battery Cabinets & Enclosures**

Exponential Power's Battery Cabinets & Enclosures provide durable, secure solutions for telecommunications and industrial applications. Designed to protect battery systems, these cabinets

### **Cabinet Solutions**

Perfectly suited to any application that requires a high-rate current over a short period, this series combines proven high temperature technology and exceptional service life.

### **Energy solutions for oil and gas**

In today's oil and gas operations, whether "on-shore" or "off-shore", stationary lead-acid batteries of sealed and vented design are generally used. In regions with very extreme temperature conditions
