

Highway-grade IP55 outdoor cabinet 30kWh cost-effectiveness

Overview

This air-cooling outdoor cabinet is now available on the market with a 30kW hybrid-coupled system, capable of both on-grid and off-grid operations. Additionally, H30 could be programmed to discharge and meet the energy demand on project basis, designed for small businesses. It is a unified power supply platform system that supports various AC and DC input and output formats, meeting . DAH solar specializes in the design, development, and production of high-performance lithium-ion batteries tailored for solar energy storage applications. Our product portfolio includes: 1. 88 Custom-Designed 27U IP55 Outdoor Equipment Cabinets In the global wave of smart transportation construction, highway toll stations, as critical nodes in the transportation network, demand stringent requirements for the protection, adaptability, and stability of outdoor equipment. We will contact you as soon as this product is available. The battery modules are equipped with an automatic fire extinguishing device to prevent fire hazards.
