

How many amperes does 10 watts of solar energy have

The advertisement features a central image of a house with solar panels on the roof and a large, white, multi-bay battery storage unit in the foreground. The battery unit has several digital displays and control panels. To the right of the battery unit, there are four circular icons: a hand pointing to a button, a globe, a battery with a lightning bolt, and a bell with a lightning bolt. Below these icons are four lines of text: 'easy to install and use', 'World wide Products', 'faster charging and discharging', and 'Multiple protection with alarm systems'. At the bottom right, there is a bold heading 'Can save energy' followed by two lines of smaller text: 'the battery capacity can be increased freely and flexibly according to the situation of home use.' and 'Rechargeable lithium batteries use safe LiFePO4'.
