

How much does the Israeli energy storage power supply cost

ESS

40.96kWh

61.44kWh

Overview

Israel's storage tender sets prices between \$0.0085 per kWh, with kWh figures therefore at \$49.5/GWh of high-voltage battery storage capacity across three regions, marking a significant milestone. As Israeli businesses face electricity prices 38% higher than the EU average, commercial energy storage systems (ESS) have become a financial lifeline.
