

How to apply for the electricity fee refund for photovoltaic panels

Overview

All SGIP applications and required documents must be submitted through the SGIP online application database at www.sqip.org. Get up to 100 percent in incentives for installing battery storage or solar plus battery storage. The Self-Generation Incentive Program (SGIP) is a California financial rebate program. Our new Solar Access program offers 20% off your electricity bill, which can be stacked on top of CARE and FERA discounts for up to 55% savings. No solar panel installation or equipment is needed. We encourage anyone who is eligible to apply. This program is currently full, but there is a waitlist. The best way to get started in accessing SGIP is to reach out to an installer who can help navigate the application process. (Please note that the CPUC does not endorse or recommend any of these installers. 047/kWh for excess solar exported to the grid versus paying \$0.
