## Huijue Solar Power Generation Glass

---

### Huijue Solar

As a top inverter and battery manufacturer in China, Huijue has a strong R&D team and technological innovation capabilities to provide high-quality products and services, and insists on being customer

### Leading ESS Manufacturer&Solution Provider

Founded in 2002, Huijue Group is a high-tech service provider integrating the integration and application of intelligent network equipment and intelligent energy storage equipment.

### Huijue-Efficient Integrated Energy Solutions

Our well-trained production team, utilizing state-of-the-art equipment and meticulously organized workshops, delivers high-quality, high-standard products to our customers.

The core consists of three parts - photovoltaic power generation, energy storage batteries, and charging piles. These three parts form a microgrid, using photovoltaic power generation to store electricity in

### Power generation glass with AGC's Sunjoule

### **Leading Energy Storage Equipment Manufacturer**

Founded in 2002, Huijue Group is a leading Energy Storage Equipment Manufacturers, a high-tech service provider integrating intelligent network communication equipment, new energy and applications.

AGC manufactures glass-integrated solar cells that can also be used as glass building materials. In this issue, we take a closer look at how "power generation with glass" works.

### **Energy storage solutions & Site-specific Products, Products**

Our comprehensive range includes custom-designed systems that integrate seamlessly with solar PV arrays, offering uninterrupted power supply and energy cost savings.

### **Transparent Solar Glass for Home Power Generation: The Clear**

As we approach Q4 2024, industry analysts predict a 40% surge in residential solar glass adoption. With manufacturing costs dropping 12% year-over-year and efficiency rates climbing, this technology's
