

Jakarta New Power Storage

Overview

Singaporean renewable energy developer Aslan Energy Capital has penned a new deal with Indonesia's Jakarta Industrial Estate Pulogadung (JIEP) to develop a 40MW data centre with a 120MWh battery energy storage system (BESS). As Southeast Asia's first grid-scale lithium-ion battery project (capacity: 200 MWh), it's like giving the city a giant rechargeable battery the size of 20 football fields [7]. The facility is expected to be operational by the fourth quarter of 2027. This article explores the dynamics of Jakarta's ESS sector, offering actionable insights for stakeholders looking .
