

Latest achievements in energy storage batteries

Latest achievements in energy storage batteries

[Advancements in energy storage: a review of batteries and capacitors](#)

The review further addresses degradation mechanisms, safety concerns, and scalability challenges while exploring hybrid systems that combine the strengths of batteries and capacitors.

Introducing Gemini 1.5, Google's next-generation AI model

Our latest innovations in model architecture allow Gemini 1.5 to learn complex tasks more quickly and maintain quality, while being more efficient to train and serve.

2025 Annual Battery Report

As the most-read industry report, Volta Foundation's Battery Report summarizes the most significant developments in the battery industry. Crowd-sourced from top industry and academia experts, this

[A Review on the Recent Advances in Battery Development and Energy](#)

This review makes it clear that electrochemical energy storage systems (batteries) are the preferred ESTs to utilize when high energy and power densities, high power ranges, longer discharge times,

A shared agenda for responsible AI

Google I/O 2025: 100 things Google announced

Imagen 4 is our latest Imagen model, and it has remarkable clarity in fine details like skin, fur and intricate textures, and excels in both photorealistic and abstract styles.

Google Gemini update: Sundar Pichai introduces Ultra 1.0 in

These latest updates reflect how we're approaching innovation boldly, and advancing and deploying this technology responsibly. And we're already well underway training the next iteration of

progress

Others - like how quickly and broadly to deploy the latest advances - are more controversial. In 2018, we were one of the first companies to publish a set of AI Principles.

[Next-generation energy storage: A deep dive into experimental and](#)

This review explores various experimental technologies, including graphene batteries, silicon anodes, sodium-sulphur and quantum batteries, highlighting their potential to improve energy

Google AI updates: Bard and new AI features in Search

Under his leadership, Google has been focused on developing products and services, powered by the latest advances in AI, that offer help in moments big and small.

Bringing new Veo 3.1 updates into Flow to edit AI video

'Scene extension' is coming soon to the Vertex AI API Let's stay in touch. Get the latest news from Google in your inbox.

Google DeepMind and Isomorphic Labs introduce AlphaFold 3 AI

Our new AI model AlphaFold 3 can predict the structure and interactions of all life's molecules with unprecedented accuracy.

Latest Energy Storage & Battery Technology Updates , ESS News

Get the latest updates on battery tech, grid-scale storage & green energy - with trusted news, trends & expert commentary

Sign up to try Bard from Google

Bard is an early experiment from Google that lets you collaborate with generative AI. If you're in the U.S. and U.K., you can sign up to try it.

Batteries News -

Read the latest research on everything from new longer life batteries and batteries with viruses to a nano-size battery.

[10 cutting-edge innovations redefining energy storage solutions](#)

10 cutting-edge innovations redefining energy storage solutions From iron-air batteries to

molten salt storage, a new wave of energy storage innovation is unlocking long-duration, low-cost

The 10 Biggest EV Battery Developments In 2025

If you couldn't keep up with the battery news cycle this year, we don't blame you. These 10 stories paint a solid picture of what happened in the battery world in 2025-and where it's going next.

Introducing Gemini: Google's most capable AI model yet

Updated on Dec 13 to include additional messaging apps Let's stay in touch. Get the latest news from Google in your inbox.

[Advancements in Energy Storage Systems and Battery Technologies:](#)

These advancements aim to enhance grid stability and safety through grid-forming control technologies. Collectively, these innovations contribute to creating efficient, safe, and cost-effective

Energy Storage News , Today's latest by Renewables Now

Latest news on energy storage projects, BESS, capacity expansion, and regulatory updates across Europe, US & Canada, Latin America, and Asia Pacific. Discover how energy

NotebookLM update: Audio Overview controls and team

NotebookLM is piloting a way for teams to collaborate, and introducing a new way to customize Audio Overviews.
