

Latest pv module projects

Overview

Search latest and upcoming global solar photovoltaic (PV) projects, bids, RFPs, ICBs, tenders, government contracts, and awards with our comprehensive online database. TCL Zhonghuan has agreed to take majority control of Chinese solar manufacturer DAS Solar, a producer of advanced n-type modules based on tunnel oxide passivated contact (TOPCon) and back-contact (BC) technologies. Reports from the International Energy Agency's Photovoltaic Power Systems Programme . With rising global energy demands and the urgency of climate action, solar PV module innovations in 2025 are shaping the future of clean energy like never before. These cutting-edge advancements are transforming not only how solar panels are made, but also how efficiently they perform, how long . PV manufacturing capital expenditure is expected to rebound this year, following two years in the doldrums as the industry weathered a global oversupply of modules, new figures show. The factors driving these changes present both tailwinds and headwinds that affect progress. Each project profile includes details, such as the . Latest pv module projects

2025 PV Module Index Report

As RETC, part of the VDE Group, publishes its seventh annual PV Module Index Report, established solar photovoltaic (PV) module manufacturing landscapes and supply chains are shifting. The

All News - pv magazine International

Latest news on the solar energy and photovoltaics industry in the USA: installations, manufacturing, markets & policy, and technology.

Trends in PV Applications 2025

The report highlights several technological and market trends: Module efficiencies continue to improve, with n-type technologies now representing 70% of global production. Bifacial modules dominate the

Major Solar Projects List - SEIA

The Major Solar Projects List is a database of all ground-mounted solar projects, 1 MW and above, that are either operating, under construction or under development. The list is for

Solar Energy News , Today's latest by Renewables Now

Latest solar power news from Europe, Latin America, Sub-Saharan Africa, APAC, MENA and

more. Stay updated on solar PV, solar energy, policy & projects.

Latest Global Solar Photovoltaic (PV) Projects (2025)

Search latest and upcoming global solar photovoltaic (PV) projects, bids, RFPs, ICBs, tenders, government contracts, and awards with our comprehensive online database.

PV Tech

Solar developer Heelstone Renewable Energy has started construction on two US solar PV projects with a combined capacity of 206MW. The PPC Group has completed construction of a

Solar Power World's Most Recent Solar News Updates

Join us at Solar Power World as we cover the world of solar news on technology, development and installation on a daily basis.

Latest Advancements in Solar PV Module Technology 2025

Discover cutting-edge solar PV module innovations of 2025 including perovskite, TOPCon, HJT, bifacial, and IoT-integrated panels.

[pv magazine USA: pv magazine USA, the leading solar and energy](#)

Entries for the pv magazine Awards 2026 are now open from April 1 to August 31 across seven key categories: Modules, Inverters, BESS, BoS,

Sustainability, Manufacturing, and Projects.
