

Latest solar technology news

Overview

All the top recent events in solar thermal and photovoltaic market. The latest research, innovative technologies, industry trends and forecasts, financial news, large projects, governmental policies in different countries. TCL Zhonghuan has agreed to take majority control of Chinese solar manufacturer DAS Solar, a producer of advanced n-type modules based on tunnel oxide passivated contact (TOPCon) and back-contact (BC) technologies. Reports from the International Energy Agency's Photovoltaic Power Systems Programme . By Kelly Pickerel | April 2, 2026 By Kelly Pickerel | April 1, 2026 Join us at Solar Power World as we cover the world of solar news on technology, development and installation on a daily basis. 28, 2026 □ A new solar breakthrough may overcome a long-standing efficiency barrier. Researchers used a "spin-flip" metal complex to capture and multiply energy from sunlight through singlet fission. 29, 2025 □ Quantum . A unit of KNESS Group has been tapped to deploy more than 55 MWh of energy storage capacity across six existing solar parks in Latvia under a co-location model. Italian independent power producer (IPP) GreenGo said on Thursday it had secured two new single authorisation permits for solar projects . Monocrystalline passivated emitter rear contact (PERC) modules saw a 20% increase in average price in the US, according to Anza.
