

Low-pressure folding container for field research

Low-pressure folding container for field research

[Mobile container laboratories from LITech - Flexible laboratory](#)

Mobile container laboratory modules offer unlimited expansion potential and can meet all project-specific laboratory requirements - from simple sample preparation to analytical units.

Lab Shippers

Discover a comprehensive selection, including insulated containers, vapor shippers, bubble wrap, overnite containers, foam shippers, and secondary pressure receptacles. These premium-grade

Bioprocessing Bags , Thermo Fisher Scientific

BPCs are ready-to-use, single-use flexible container systems commonly for critical sterile liquid-handling applications in the biopharmaceutical industry. BPC systems are cost-effective

[How TLS Negative Pressure Lab Containers Revolutionize Research](#)

Enter TLS Negative Pressure Offshore Lab Containers - engineered to create secure, controlled environments that empower scientists and technicians to push boundaries, even in the

Laboratory Containers & Storage

We offer essential, flexible lab storage solutions including bottles and carboys, plates, racks and boxes, reservoirs, sealing films, and tubes that protect materials and enable researchers to effectively

Cryofab CFN-50 Low Pressure Container Atmospheric Container

Used Cryofab CFN-50 Low Pressure Container Atmospheric Container CFN Series Dewar. Model CFN-50. Guaranteed with 30-day warranty.

Storage Boxes , Fisher Scientific

Pro-Lab Diagnostics(TM) Microbank(TM) Freezer Storage Boxes Suitable for collection and organization in low temperature freezers.

Mobile Lab Container Configurations for Field Research (2025)

Discover the latest mobile lab container configurations for efficient field research in 2025. Explore modular, portable, and cutting-edge solutions for on-site scientific work.

Containers from Cole-Parmer

You can never have too many containers, so stock up now. We have a wide selection of PP, HDPE, LDPE, stainless steel, and glass containers in a variety of shapes and sizes for your convenience.

Laboratory Sample Containers

Humboldt provides sample containers for acquiring material samples for laboratory use. Both jars and cans are available in a range of sizes.

Laboratory Containers & Storage

Bottles & Carboys
Storage Plates
Racks & Boxes
Sealing Films and Foils
Tubes
Our selection of 48-, 96-, and 384-well polypropylene storage microplates and Corning(R), Brand(R), and Nunc(R) deepwell plates are an economical and reliable solution for sample storage for high-throughput screening and low-binding assays in drug discovery, molecular biology, and genomic applications.
