

New Zealand DC energy storage equipment

Overview

Login to view quotations, invoices, check pricing and make payments The latest microinverters, DC optimised inverters, inverters, AC and DC solar modules, solar racking, energy storage, EV chargers and home automation equipment at wholesale prices. The HEM is a modular solar inverter that integrates the MV in the same enclosure, providing a compact and cost-effective solution. Available in 4200 kVA, 33 kVAC. Our logistics experts ensure fast and reliable . With scalable solar energy storage systems that cut costs, boost resilience, and gives farms and businesses full control over your energy use. Achieve maximum results with Powerbox Pacific's leading power converter supplies.

New Zealand DC energy storage equipment

AC Solar Warehouse

Australia and New Zealand's leading wholesaler of solar, energy storage, EV chargers and home automation equipment for homes and businesses.

Trusted NZ Experts in Solar, EV & Power Systems

Power backup systems that ensure continuity for key facilities during outages. Proudly New Zealand-owned. Powered by people. Our roots go back 100 years, where we've been delivering high

Top 100 Energy Storage Companies in New Zealand (2026) , ensun

As global markets evolve, New Zealand's energy storage sector can benefit from international partnerships and technologies. Overall, thorough research into these aspects will provide valuable

Industrial Battery Energy Storage Solutions , Aggreko NZ

Aggreko offers plug-and-play commercial battery storage systems that optimise energy use, improve efficiency, and reduce emissions. Our smart battery storage solutions integrate with renewable

SigenStor: The Most Interesting Solar

Powerbox Pacific

Powerbox delivers high-performance power conversion and energy storage solutions, backed by local stock, engineering expertise, and end-to-end technical support across New Zealand.

[Ernest Energy - The future of energy, designed for New Zealand](#)

Ernest Energy provides turnkey solar and battery energy storage systems (BESS) tailored for New Zealand's commercial and agricultural sectors. Our integrated solutions reduce energy costs,

Product Ever?

Essentially, the Sigenstor is a home energy storage solution (ESS). But the product is so much more than just an ESS. It implements a clever design that integrates a home battery, a DC EV

Solar + Energy Storage

Power Electronics supplies solar inverter stations, battery converters and DC/DC converters suitable for the harshest New Zealand environments.
