

Nordic lithium battery energy storage orders

Overview

On 5 September 2025, BOS Power signed a supply agreement with HiTHIUM, a leading global company in energy storage technology, for the delivery of 3 GWh of battery energy storage systems (BESS) to projects across Denmark, Sweden, Finland, and Norway through 2027. a market for second life batteries could emerge. offer a to their high energy density and long cycle life. The battery value chain builds upon Nordic traditional strongholds such as automotive, maritime, chemicals, manufacturing and mining. This 38-megawatt and over . Data from LCP Delta's StoreTrack shows over 300 MW of grid-scale batteries are expected to come online in the next two years, and the telecoms operator Elisa plans to install 150 MWh of batteries across its sites.

Nordic lithium battery energy storage orders

[Merus Power has secured a 30MW / 30MWh battery energy storage order](#)

Merus Power has signed an agreement with Skip Wind 5 Oy (the Finnish holding company of Ardian Clean Energy Evergreen Fund (ACEEF)) to deliver a large energy storage

Nordic lithium second-life battery energy storage

We investigate the potential of vehicle-to-grid and second-life batteries to reduce resource use by displacing new stationary batteries dedicated to grid storage.

Europe's Battery Capacity Surpasses 20 GW

Norway aims to be a leader in the battery storage market in the Nordic region, but Sweden and Finland have surpassed it in BESS deployments. Jon Ferris, an analyst at research firm LCP

[Insider information: Merus Power received a battery energy storage](#)

Merus Power has signed a contract with a joint venture between Skip Wind 5 Oy, a Finnish holding company of Ardian Clean Energy Evergreen Fund (ACEEF), and Lappeenranta Energia Oy, a

Energy Storage

OX2 has sold its 50MW/110MWh battery energy storage project in Uusnivala, Finland, to the L&G NTR Clean Power Fund. The project will help regulate grid frequency and stability and participate in

[Morrow secures order for 5.5 GWh LFP BEV2 batteries from Nordic](#)

Battery technology firm Morrow Batteries and pack assembler Nordic Batteries recently signed an agreement for the supply 5.5 GWh Lithium Iron Phosphate (LFP) BEV2 batteries over

Nordic energy storage solar container lithium battery sales

In 2021 the Swedish Energy Agency and Business Sweden published two reports* concluding the complementary strengths within the Nordic battery value chain, a strong momentum for industry

The Nordic Battery Value Chain

This report maps out the Nordic battery value chain and highlights key necessities of the Nordic ecosystem on how to grasp the opportunity of sustainable batteries

[HiTHIUM Signs 3GWh Supply Deal with BOS Power to Boost Nordic](#)

HiTHIUM, a global leader in long-duration energy storage technology, has signed a multi-year supply agreement (MSA) with Bertel O. Steen Power Solutions (BOS Power) to deliver 3GWh of

[BOS Power Signs 3GWh Supply Agreement with](#)

[HiTHIUM for Nordic Battery](#)

BOS Power and HiTHIUM sign a 3GWh battery energy storage agreement to support renewable projects across the Nordic region, marking a significant step in sustainable energy
