Designed with performance and longevity in mind, our structures are manufactured using high-strength aluminum profiles that deliver excellent load-bearing capacity while maintaining lightweight efficiency.

Photovoltaic panels, accessories, aluminum profiles

We specialize in the sale of ground-mounted photovoltaic structures, PV carports, aluminum profiles, and a full range of mounting components necessary for building efficient and durable solar installations.

As a leading aluminum extrusion manufacturer in China, we excel in providing high-quality aluminum profiles specifically tailored for the solar panel mounting industry and other diverse applications.

Structures for Photovoltaics

A complete range of brackets, structures, and accessories for the realization of all support options for photovoltaic and solar thermal panels. From tiled and barrel roofs to all types of industrial coverings.

Solar Aluminum Profile Supplier , Mastar Metal

6061, 6063, etc. solar aluminum profiles are supplied to meet the overall solar structure needs such as solar cell frames, photovoltaic brackets, and frame links.
