

Price of solar panel roof

Overview

Solar panel installations typically cost between \$13,962 and \$27,924 in 2026. The actual price tag depends on your home's energy needs, roof characteristics, local incentives and other factors, all of which we'll break down in this guide. Most installers price systems according to your roof size and complexity. The cost of solar roofing tiles is \$21 to \$40 per square foot installed or \$4 to \$14 per watt, depending on the brand, style, roof size and complexity, and kW needed. Before tax credits and incentives. Get free quotes. Switch to solar with a system built for you. With the end of the Residential Solar Tax Credit, homeowners are no longer eligible for a 30% tax credit from the federal government. Adjust your electric bill to fine-tune your savings estimate and the recommended number of solar panels for your home.
