

Ranking of solar glass component companies

Overview

This section provides a list of the top 10 Photovoltaic Glass manufacturers, Website links, company profile, locations is provided for each company. This specialized glass, designed for photovoltaic modules, must offer high light transmittance, self-cleaning properties, and exceptional strength to maximize . Solar photovoltaic (PV) glass is a specialized type of glass that integrates solar cells, which generate electricity from the sun's rays. In order for the glass to turn sunshine into energy, a layer of translucent solar cells is coated onto the surface of the glass.
