[How to Charge Solar Lights Without Sun: 7 Proven Alternative Methods](#)

This comprehensive guide explores proven techniques for charging solar lights without direct sunlight, from utilizing artificial light sources to implementing creative technological solutions.

Simple Ways to Charge Solar Lights Without Sun: 7 Steps

The best way to charge solar lights is with sunlight. However, even if you don't have access to direct sunlight, you can still charge your solar lights in other ways.

EZY Shipping Container Light Kit , Solar 500W Power

The lights require direct sunlight to charge effectively. A blinking red light indicates charging in progress. Please note that the lights will not work immediately out of the box and need to be fully charged

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

How I turned a shipping container into a solar off-grid

Here's how I did it. There are many ways to skin a cat, and even more ways to add solar power to a shipping container. To be fair, I cheated a bit.

Shipping Container Solar Lighting Kits , Sun-In-One(TM)

Also, if you need 110 or 230-volt AC power in the container, we can include our Sun-In-One Shed Kit base unit to include AC and USB 3.0 cell phone charging. If you do not see a kit that fits your needs,
