

Solar panel damage judgment

Overview

Property owners generally hold liability if damage results from their solar system's defective design, installation, or maintenance. Conversely, installers may be liable if negligence or breach of duty contributed to the damage. A NextSun array experienced a fire on May 31, 2016, that damaged 88 solar panels. The Town of Littleton ordered that more than 11,000 of NextSun's undamaged solar panels be suspended from operation until they were thoroughly tested, inspected, and repaired where necessary. NextSun seeks to recover . A fire involving rooftop solar panels at an Amazon warehouse in West Jefferson led to a large-scale evacuation. Fire crews were called to the fulfillment facility on West Main Street around 12:10 p. A year-long investigation into the solar industry by consumer watchdog Unscrupulous actors have exploited vulnerable populations, preying on the elderly and those on .
