Overview

SAN FRANCISCO (KGO) -- Bay Area residents say they're out thousands of dollars for solar systems that either aren't working properly, weren't fully installed, or had installations that caused damage to their homes. SunPower solar is one of the largest and most well-known solar . Nailable solar shingle maker GAF Energy has shut down its San Jose, California, research and development and manufacturing hub, which opened in 2021, and moved its headquarters to Georgetown, Texas. Going forward, the company will only manufacture its solar shingles at its Texas factory. 13, it announced in a Thursday WARN document, filed with California officials. The company uses the facility for researching, developing and manufacturing its solar shingles - a whole .
