## Overview

---

Solar returns are a useful and reliable astrological technique of forecasting for the year dating back to Hellenistic period in western astrology. Solar Returns (called Revolutions by the earlier authors) are the charts calculated for the time the Sun returns to its natal position . Discover what the cosmos has in store for your upcoming year! Your Solar Return chart is like an annual cosmic forecast, revealing the themes, opportunities, and challenges that will shape your personal year ahead. Simply select your desired year and location to generate your personalized Solar . Solar return (revolution) for a particular year calculates the exact moment, when transiting Sun returns on the same birth position. This occurs within two days of your birthday. So, let's say you were born with the Sun in Taurus at the precise degree of 25 degrees 32 minutes and 22 seconds.
