

South African uninterruptible power supply customization company

Overview

We are a specialist Uninterruptible Power Supply (UPS) and emergency power backup Company, with over 250 years of combined UPS and battery backup experience. Our currency is clean power, supporting your critical equipment by having our finger on the pulse of uninterrupted power. With 24 years of experience in the industry, we have gained extensive expertise in designing customer specific solutions. Our process includes: after-sales service. Our product ranges extend from small standalone 400 VA offline UPS units to large and unique, three-phase, high-efficiency UPS power plants of up to 1000kVA. UPS Warehouse® offers power protection products on a turnkey basis to a wide range of industries. We also offer full solutions to the residential and SME markets.
