

The company that installed photovoltaic panels in the east

Home Energy Storage (Stackble system)

High Efficiency

Easy installation

Safe and Reliable

Perfect Compatibility

Product Introduction

- Scalable from 10 kWh to 50 kWh
- Self-Consumption Optimization
- Integrated with inverter to avoid the compatibility problem

- LFP battery, safest and long cycle life
- Stackable design, effortless installation
- Capable of High-Powered
- Emergency-Backup and Off-Grid Function

Overview

Primoris Renewable Energy (PRE) is focused on providing self-perform EPC services to the energy sector with a strong focus on solar photovoltaics, energy storage, and other renewable energy technologies. The United States Large-Scale Solar Photovoltaic Database (USPVDB) provides the locations and array boundaries of U.S. photovoltaic (PV) facilities with capacity of 1 megawatt or more. Since 2002, our values-driven team has delivered high-quality work you can trust and results that maximize impact for your project, your stakeholders, and the planet. Trusted at Every .
