

The largest thick cylindrical solar energy storage cabinet lithium battery

Overview

Shanghai-based Envision Energy unveiled its newest large-scale energy storage system (ESS), which has an energy density of 541 kWh/m³, making it currently the highest in the industry. The cabinet is integrated with battery management system (BMS), energy management system (EMS), modular power conversion system (PCS), and fire protection system. The system's capacity is up to . The L3 series combines cutting-edge technology with robust design, offering unparalleled flexibility and performance for large-scale applications. The L3 Series is available in two distinct lines: the L3 HVR Series for outdoor applications (IP55 rated) and the L3 HVR Series for indoor use (IP20 . Liquid cooled outdoor 215KWH 100KW lithium battery energy storage system cabinet is an energy storage device based on lithium-ion batteries, which uses lithium-ion batteries as energy storage components inside. We Will Response within 12 Hours Promptly. Address: FLAT/RM A 12/F ZJ300 300 LOCKHART ROAD,WANCHAI,HONGKONG.
