

Thimphu Direct Plug-in Solar System

LIQUID COOLING ENERGY STORAGE SYSTEM

EMS real-time monitoring
No container design
flexible site layout

Cycle Life
≥8000

Nominal Energy
200kwh

IP Grade
IP55

Overview

The DSP Solar project has been instituted under the Royal Command of His Majesty to advance solar PV initiatives in the country and to build local capacity in this vital area. [Link copied!Copy failed!](#) Bhutan targets 5,000 MW solar capacity by 2040, starting with projects in Sephu and Jamjee by 2025. Image Credit/Source: Hoan . To enhance the country's renewable energy capacity, the Ministry of Energy and Natural Resources (MoENR) has embarked on various solar projects aimed at boosting both rooftop and utility-scale solar technologies. The Prime Minister Dasho Dr Lotay Tshering was the Chief Guest. So, you can plug the system to any electrical 220/240V outlet .

Thimphu Direct Plug-in Solar System

THIMPHU ENERGY STORAGE GRID CONNECTED PROJECT

Technological advancements are dramatically improving solar storage container performance while reducing costs. Next-generation thermal management systems maintain optimal operating

Bhutan's renewable energy sees growth with new solar

The solar projects Sephu and Jamjee, led by Druk Green Power, will advance Bhutan's solar targets with up to 49% private ownership allowance.
