

Top 50 lithium battery energy storage rankings

Overview

Want to know which lithium battery brands dominate energy storage markets?

This ranking reveals performance leaders across solar integration, industrial applications, and residential solutions. Discover key selection criteria, market trends, and real-world case studies . The 2025 energy storage industry top 50 list isn't just corporate bragging rights-it's your cheat sheet for understanding where the lights (literally) won't go out. 5 GWh in the first half of 2024, of which 101. The market reached an estimated USD 15. 8 Billion by 2032, growing at a Compound Annual Growth Rate (CAGR) of 18. This explosive growth is driven by accelerating renewable energy . In 2024, CATL secured the top position of companies by battery (power and energy storage) installed capacity in the global market in 2024, with an impressive 491 GWh, representing a 29% year-over-year increase. BYD . InfoLink Consulting has launched its global database of the lithium-ion battery supply chain, an essential element for the development of photovoltaic and wind energy.
