

Ukraine s new energy battery cabinet capacity expansion

Overview

Energy investor DTEK and system integrator Fluence have begun commissioning a 200MW/400MWh battery storage portfolio across Ukraine. The projects, contracted with grid operator Ukrenergo, utilize Fluence's standardized Gridstack cubes for scalable deployment. The company has connected six new battery storage systems to the power grid in the Kyiv and . Ukraine has brought online a new battery storage facility with a total capacity of 200 megawatts (MW), developed by domestic energy company DTEK Group in partnership with U. -German energy storage firm Fluence. Completed in just six months, the €125 million project enhances grid stability, supports . AMSTERDAM, Sept. 11, 2025 (GLOBE NEWSWIRE) -- Fluence Energy B. The installation, which is spread over six sites in the Kyiv and Dnipropetrovsk regions, represents a significant investment of . DTEK and Fluence launch Ukraine's largest battery storage system DTEK Group, Ukraine's largest private energy company, teamed up with Fluence, a joint venture of Siemens and AES, to launch the country's largest battery energy storage system with a 200 megawatt (MW) capacity.

Ukraine s new energy battery cabinet capacity expansion

[DTEK and Fluence energise the largest energy storage portfolio in](#)

The project includes six battery energy storage systems of varying capacities - from 20 to 50 MW each - connected to the Ukrainian power grid. Collectively, the systems have the capacity

DTEK Unveils Ukraine's Largest Battery Storage Project

DTEK has energised the largest battery storage project in the war-torn country and one of the biggest ones in Eastern Europe. The 200 MW/400 MWh installation spans six sites ranging

[Ukraine Connects 200MW Battery Storage Facility to Grid to Enhance](#)

The EUR125 million project was completed in just six months and is aimed at enhancing Ukraine's grid stability and resilience ahead of the winter season, while contributing to the

[Ukraine's largest BESS enters operation with a total capacity of 200 MW](#)

Ukrainian energy group DTEK, in partnership with Fluence, a global leader in smart energy storage, has completed the country's largest battery energy storage project to date, with a
