

# Wellington distributed energy storage project

## Wellington distributed energy storage project

---

### Wellington South Battery Energy Storage System

In operation, the project will be one of the largest battery storage projects in NSW and will contribute to the overall storage capacity and reliability of the National Electricity Market (NEM).

### Wellington Energy Storage Photovoltaic Project: Solving Renewable

The Wellington Energy Storage Photovoltaic Project, launched in Q1 2025, tackles this through a 600MW solar array paired with a 480MWh liquid metal battery system.

### AGP-backed Ampyr gets going on Wellington battery with \$340m

Renewables developer Ampyr Energy Global, led locally by a former CSIRO and AEMO executive Alex Wonhas, has hit financial close for its Wellington stage one battery energy storage

### AMPYR acquires 100% of Wellington battery project from Shell

AMPYR Australia (AMPYR) has acquired Shell Energy Australia's 50 percent stake in the Wellington Battery Energy Storage System (BESS) stage 1 (300 MW / 600 MWh) energy storage project.

## [Wellington Energy Storage Project Cooperation: Powering the Future](#)

The Wellington Energy Storage Project Cooperation isn't just another battery farm - it's a game-changer for New Zealand's energy transition. Think of it as the "Swiss Army knife" of power

## [AMPYR Australia Takes Over Shell's 50% Stake in Wellington Battery Project](#)

AMPYR Australia is now the full owner of the Wellington Battery Energy Storage System (BESS) after acquiring Shell Energy Australia's 50% stake in the project's stage 1. In a statement,

## **Fluence Chosen for 300 MW / 600 MWh Wellington Battery Energy**

The Wellington Stage 1 BESS is AMPYR's first grid-scale battery energy storage system to reach financial close in Australia. This project is scheduled to be energised in 2026, signaling a

## [Fluence's Wellington Storage Project A Milestone in Energy Innovation](#)

In a significant development within the realm of energy storage, Fluence Energy Inc. has been awarded the contract for the 300 MW / 600 MWh Wellington Battery Energy Storage System by

## **Wellington 180MW PV & 15MW Energy Storage Project: Powering a**

Summary: Explore how the Wellington 180MW solar PV and 15MW energy storage project redefines renewable energy integration. Learn about hybrid power solutions, grid stability innovations, and New
