

Wide-temperature type intelligent energy storage cabinet for battery swapping stations

20 ft container

40 ft container

Wide-temperature type intelligent energy storage cabinet for batte

Integrated Energy Storage System

Efficient and Flexible: High-efficiency liquid cooling technology with the temperature difference $\leq 3^\circ\text{C}$; Modular design supports parallel connection and easy system expansion.

Battery swap cabinet

Offering rapid battery swaps, robust power management, and compatibility with various electric vehicles, these advanced battery swap systems feature IP55-rated protection, intelligent BMS with multiple

Intelligent Charging Cabinet

Striving to be the World's Leading Company in Energy Efficiency Management.

LiHub , All-in-One Energy Storage System C&I

LiHub Industrial & Commercial ESS is an all-in-one lithium battery energy storage system for EV charging stations, solar farms, micro-grids, VPP, and more. Modular, safe, and expandable from

Energy Storage In Swapping Stations

Wide-temperature type outdoor energy storage cabinet for battery swapping stations With IP54/IP55 protection, anti-corrosion design, and intelligent temperature control, they are ideal for telecom base

[Home-Battery swapping cabinet_Battery swapping station_Intelligent](#)

BITEAN intelligent battery swapping cabinet is designed to solve the slow charging and charging safety problems of low-speed electric vehicle , and solve the transportation capacity problem for people who

Battery Swapping Intelligent Cabinet

This is an intelligent power change cabinet with a cloud operating system, designed to charge 10 groups of batteries at one time, which can effectively meet the needs of various vehicles power charging.

Intelligent Battery Swapping Cabinet

It is designed to charge multiple batteries simultaneously and facilitates battery leasing and swapping. The structure of the battery swap cabinet mainly consists of a shell, charging compartments,

[HEXUP_A Provider of Battery Swap Cabinets and Battery Swap Stations](#)

HEXUP specializes in providing battery swap stations/cabinets and swapper solutions for electric scooters, ensuring safe charging and convenient lithium battery exchanges.

10-bay G2 doorless battery swapping cabinet

Aiming at the three core pain points of low charging efficiency, frequent safety hazards and insufficient energy replenishment facilities in the

electric vehicle industry, this product
innovatively adopts the
